Our Mission

“कृण्वन्तो विश्वमार्यम् ।” - Rigveda, Mandala-9, Sukta-63, R.ca-5

We will make the whole world “Aaryam”. The word “Aaryam” refers to moral, cultural and spiritual excellence leading to eternal happiness. It shall be the ideal of this Society, for accomplishment of which, its efforts will always be directed towards an all round elevation of the entire population of this vast country. It should be raised to a level of equality on a higher plane ensuring everlasting peace, prosperity and higher mentality. The Society looks forward to a period of time when as a result of advancement of the people in their morals and outlook on life, the distinctions on the ground of birth will disappear by reason of all reaching a higher level of mental and moral excellence. The prayer of the Society will be to raise the nation to that ideal and its efforts will always be directed with that end in view :

“कृण्वन्तो विश्वमार्यम् ।”

From The President's Chair

I joined the Law College of Indian Law Society (commonly known as ILS Law College) as a student of First Year LL. B in the year 1969 with a dream. The dream was to excel as a law student and to be a successful lawyer. I achieved the dream and much more. I was privileged to be associated with Indian Law Society as a student of its college and then its Vice President and now the President.

I want each of the students to join this College with a dream. A dream bigger than mine. The excellent faculty of this College would not only impart you academic knowledge but would also help you in developing insight in law and excel in every field of life.

Late Shri Y.V. Chandrachud, Former Chief Justice of India, was a student of this College and later became the President of Indian Law Society. In the President's message for the students of this College, he wrote "To have studied Law at ILS College is significant land mark in my life". These words, perfectly reflects my sentiments too.

Join this College with a dream, to be a successful lawyer and a distinguished Judge, and above all to be a good citizen. Do give back to the society in fuller measure what you receive from this College

Justice Dilip G. Karnik
President, Indian Law Society

Life is a better experience with a touch of legality. Since you've decided to pursue a career in legal studies, I welcome you to the fraternity of people for whom life is law.

What should be the essential requirements for a person to be a good lawyer-discipline to follow the law, restraint and courage to speak the truth. Compounded with this, a lawyer must also realize his commitment to the society - justice, equity and good conscience must rule his philosophy of law.

Only a good legal education, one that allows you to understand the framing of laws and also their correct implementation can promote such qualities. ILS Law College provides you with all this and more. ILS has always been instrumental in producing lawyers par excellence and has been at the forefront of education, research and innovations in the field of law.

It is due to the pure dedication and sincerity of its flag bearers, that ILS is, where it is today. I consider myself fortunate to have been a student and the Principal of this college - a part of its 80 year old glorious tradition.

I wish ILS and its students all success in their onward march.

Late Dr. S.P. Sathe
Former Principal, ILS Law College
(Class of '54)

Dear Students,

I congratulate you for making a right choice to select ILS Law College for studies of law. Today, ILS is a prestigious name in legal education. A+ ranking by the National Assessment and Accreditation Council - an autonomous body of the University Grants Commission and No. 1 ranking by media fortifies our claim for quality legal education. Generations of our students since the establishment of the ILS College in 1924 have strengthened its reputation. The College has strived to impart socially relevant and professionally designed legal education for last 91 years. ILS Law College was selected for the 'Institutional Excellence Awarded 2013' by the Society of Indian Law Firms (SILF) and Menon Institute of Legal Advocacy Training (MILAT), and Asian 'Best Private Education Institute 2012-13' award by World Consulting and Research Organisation in 2013. Law, according to us, is not an activity of the State, but part of our life. There is no activity of human life with which law is not concerned. Law is the foundation of the Universe and everything is centered in law. This belief is expressed in our motto धर्मं सर्वं प्रतिष्ठितम्। (Everything is centered in law). Guided by this philosophy of law, ILS has nurtured its own educational culture. Law and legal profession have acquired a central place in the global economy. Along the legal complexities, it has become necessary to study impact of globalization on social and political institutions. To facilitate such study, we have made efforts to effectively combine the theory and practice of law. The classroom teaching is supported by moot courts, legal aid, legal literacy and legal research. This will introduce you to court crafts and expose you to social realities.

You will enjoy learning law among the multi-cultural and multi-lingual student body, in the beautiful surroundings and free but disciplined ambience.

*Join our mission on the path of Justice, Liberty and Equality.
I look forward to meeting you at the ILS*

Why ILS

ILS Law College is a community of students and staff dedicated to bringing out the best in all of its members. Our aim is to provide the finest opportunities and environment for teaching, learning and research. We have a long and distinguished record of academic excellence and innovation since the foundation of the college in 1924. The basic principle behind the foundation of ILS Law College was to establish a regularized system of imparting legal education. From 1924 to 2016 for over 92 years, we have endeavoured and achieved this ambition and maintained our standards of excellence. Ranked amongst the top Law Colleges in the country, we believe in creating a relaxed and flexible environment to allow students to grow and develop at their own pace. The courses offered here are a product of critical thought and careful experiment over many productive years. We offer an education characterized by a mixture of theory and practice and a commitment to public service. This

college has always been a firm believer in innovation, both in pedagogy and curriculum. In tune with the recent globalization of the profession, a new experiment in learning and teaching of law was proposed to the Ford Foundation at New Delhi for funds under their programme 'Rights & Social Justice' and was implemented. Striving further to harbour individuality of thought and expression and the stimulation to reach the acme of the legal profession, this college organizes a multitude of workshops, conferences and lectures. It has always been the foremost aim of this college to insist on giving students the independence to use the abounding opportunities available and carve out their own niche in college life.

At this college, we give special emphasis on perspectives and insights from other disciplines and encourage an integrated approach to law and an exploration of the legal profession's socio-economic role and ethical commitments.

Our Roots - the early Days

The early days of the Indian Law Society's Law College date back as far as the year 1902, when Mr. J.R. Gharpure and Mr. P.B. Singhe decided to make a new beginning in the direction of a regularized system of imparting legal education. 'The New Law Class, Bombay' was therefore started in 1903. After running this class for five years, it was thought desirable to start a regular law college, which would be affiliated to a university. Accordingly, the Fergusson College Law Class was started in 1908, and was conducted by Mr. Gharpure. More than 125 students were registered on roll. However within a few weeks, this institution was disaffiliated from the University of Bombay. After a period of more than fifteen years the above experiment was still under trial. The scope for improvement was recognised and on 4th March, 1923, a new society called the 'Indian Law Society' was inaugurated, whose first President was Dr. Sir Narayan Rao C. Chandawarkar. It was proposed at this meeting that a private law college be set up in Pune. After preliminary preparations, the Law college formally commenced operation on the 20th of June 1924, under the banner of the Indian Law Society. It was then known as the 'Poona Law College'. The Society acquired 200 acres of land and the first building called the Saraswati Building was built in 1935. The foundation stone was laid down at the hands of the Late Honourable Srinivas Shastri on 7th January 1935.

The Saraswati building was thoughtfully architected to look like a sage meditating in the 'lotus' position. Subsequently the hostel for resident students, a Gymkhana and a pavilion were also built. The construction of a swimming pool further enriched the facilities. The Laxmi building was later added to meet the growing needs of the College. All this was done under the auspices of the first principal of the college, Nana Saheb Gharpure - a man of great vision & foresight.

Our Mission

“ कृण्वन्तो विश्वमार्यम् । ” - Rigveda, Mandala-9, Sukta-63, R.ca-5

We will make the whole world “Aaryam”. The word “Aaryam” refers to moral, cultural and spiritual excellence leading to eternal happiness. It shall be the ideal of this Society, for accomplishment of which, its efforts will always be directed towards an all round elevation of the entire population of this vast country. It should be raised to a level of equality on a higher plane ensuring everlasting peace, prosperity and higher mentality. The Society looks forward to a period of time when as a result of advancement of the people in their morals and outlook on life, the distinctions on the ground of birth will disappear by reason of all reaching a higher level of mental and moral excellence. The prayer of the Society will be to raise the nation to that ideal and its efforts will always be directed with that end in view :

“ कृण्वन्तो विश्वमार्यम् । ”

From The President's Chair

I joined the Law College of Indian Law Society (commonly known as ILS Law College) as a student of First Year LL. B in the year 1969 with a dream. The dream was to excel as a law student and to be a successful lawyer. I achieved the dream and much more. I was privileged to be associated with Indian Law Society as a student of its college and then its Vice President and now the President.

I want each of the students to join this College with a dream. A dream bigger than mine. The excellent faculty of this College would not only impart you academic knowledge but would also help you in developing insight in law and excel in every field of life.

Late Shri Y.V. Chandrachud, Former Chief Justice of India, was a student of this College and later became the President of Indian Law Society. In the President's message for the students of this College, he wrote "To have studied Law at ILS College is significant land mark in my life". These words, perfectly reflects my sentiments too.

Join this College with a dream, to be a successful lawyer and a distinguished Judge, and above all to be a good citizen. Do give back to the society in fuller measure what you receive from this College

Justice Dilip G. Karnik
President, Indian Law Society

Life is a better experience with a touch of legality. Since you've decided to pursue a career in legal studies, I welcome you to the fraternity of people for whom life is law.

What should be the essential requirements for a person to be a good lawyer-discipline to follow the law, restraint and courage to speak the truth. Compounded with this, a lawyer must also realize his commitment to the society - justice, equity and good conscience must rule his philosophy of law.

Only a good legal education, one that allows you to understand the framing of laws and also their correct implementation can promote such qualities. ILS Law College provides you with all this and more. ILS has always been instrumental in producing lawyers par excellence and has been at the forefront of education, research and innovations in the field of law.

It is due to the pure dedication and sincerity of its flag bearers, that ILS is, where it is today. I consider myself fortunate to have been a student and the Principal of this college - a part of its 80 year old glorious tradition.

I wish ILS and its students all success in their onward march.

Late Dr. S.P. Sathe
Former Principal, ILS Law College
(Class of '54)

Dear Students,

I congratulate you for making a right choice to select ILS Law College for studies of law. Today, ILS is a prestigious name in legal education. A+ ranking by the National Assessment and Accreditation Council - an autonomous body of the University Grants Commission and No. 1 ranking by media fortifies our claim for quality legal education. Generations of our students since the establishment of the ILS College in 1924 have strengthened its reputation. The College has strived to impart socially relevant and professionally designed legal education for last 92 years. ILS Law College was selected for the 'Institutional Excellence Awarded 2013' by the Society of Indian Law Firms (SILF) and Menon Institute of Legal Advocacy Training (MILAT), and Asian ' Best Private Education Institute 2012-13' award by World Consulting and Research Organisation in 2013. Law, according to us, is not an activity of the State, but part of our life. There is no activity of human life with which law is not concerned. Law is the foundation of the Universe and everything is centered in law. This belief is expressed in our motto धर्मं सर्वं प्रतिष्ठितम्। (Everything is centered in law). Guided by this philosophy of law, ILS has nurtured its own educational culture. Law and legal profession have acquired a central place in the global economy. Along the legal complexities, it has become necessary to study impact of globalization on social and political institutions. To facilitate such study, we have made efforts to effectively combine the theory and practice of law. The classroom teaching is supported by moot courts, legal aid, legal literacy and legal research. This will introduce you to court crafts and expose you to social realities.

You will enjoy learning law among the multi-cultural and multi-lingual student body, in the beautiful surroundings and free but disciplined ambience.

Join our mission on the path of Justice, Liberty and Equality.

I look forward to meeting you at the ILS

ILS Law College is a community of students and staff dedicated to bringing out the best in all of its members. Our aim is to provide the finest opportunities and environment for teaching, learning and research. We have a long and distinguished record of academic excellence and innovation since the foundation of the college in 1924. The basic principle behind the foundation of ILS Law College was to establish a regularized system of imparting legal education. From 1924 to 2013 for over 89 years, we have endeavoured and achieved this ambition and maintained our standards of excellence. Ranked amongst the top Law Colleges in the country, we believe in creating a relaxed and flexible environment to allow students to grow and develop at their own pace. The courses offered here are a product of critical thought and careful experiment over many productive years. We offer an education characterized by a mixture of theory and practice and a commitment to public service. This college has always been a firm believer in innovation, both in pedagogy and curriculum. In tune with the recent globalization of the profession, a new experiment in learning and teaching of law was proposed to the Ford Foundation at New Delhi for funds under their programme 'Rights & Social Justice' and was implemented. Striving further to harbour individuality of

thought and expression and the stimulation to reach the acme of the legal profession, this college organizes a multitude of workshops, conferences and lectures. It has always been the foremost aim of this college to insist on giving students the independence to use the abounding opportunities available and carve out their own niche in college life.

At this college, we give special emphasis on perspectives and insights from other disciplines and encourage an integrated approach to law and an exploration of the legal profession's socio-economic role and ethical commitments.

COMMENCEMENT OF MASTER OF LAWS (LL.M.) PROGRAMME :

Five Reasons to Choose Pune - the City & University

If you are looking for complete education - look no further. Students from all over the country and abroad are flocking to Pune, as apart from the academic infrastructure, the culture and ethos of the city too seems to have won the hearts of many a student.

RECOGNITION

Pune University is ranked among the top five in the country. Almost 30% of foreign students in India are at Pune. The University has over 40 engineering and management institutes.

Pune is also the fastest growing centre for studies in IT. Called the 'Oxford of the East', the city has an enormous student population and a number of renowned institutions

including the National Defence Academy, Film and Television Institute of India, Fergusson College, Gokhale Institute of Politics and Economics and ILS Law College.

ACCESSIBILITY

Pune is an easily accessible city benefiting from excellent road, rail and air communications. It is well connected to all important cities by direct train services and also has a domestic airport.

AFFORDABLE LIVING

Pune has the charm of the small city with facilities expected from a bustling metro. Perfect for students, as almost everything is available at an affordable price - from eating joints to internet cafes. Residential accommodation is easily available and is very economical. The city benefits

from an efficient public transport system and general cost of transportation is relatively low. Pune is one of the most preferred destinations for students in India, from South East Asia and Africa. It has a cosmopolitan population imparting it the character of a world city. With the same facilities one would expect from a busy metro, Pune retains the coziness of a small town. It is a very safe place to stay in, the low crime rates being a proof of that. The denizens of this city are helpful by nature, and to settle down in this place does not take much effort.

CULTURAL CAPITAL

Pune is the cultural capital of Maharashtra. Whatever be your area of interest - Pune's got a lot to offer. Be it theatre or films, dance or music, debating or elocution, yoga or sports - Pune is always abuzz with encouraging and entertaining activities. Associations like the SPIC-MACAY, AIESEC, Lalit Kala Academy, give students ample opportunities to hone their talents.

ENVIRONMENT

Pune is nature lover's paradise. Within a radius of 5 km from the heart of the city, you have numerous places to visit including the Sinhagad fort, the NDA, the Khadakwasla dam and the natural wonders like the Pashan lake and the hills surrounding the city add to its beauty. Pune has a salubrious climate conducive to work.

Our Roots - the early Days

The early days of the Indian Law Society's Law College date back as far as the year 1902, when Mr. J.R. Gharpure and Mr. P.B. Singhe decided to make a new beginning in the direction of a regularized system of imparting legal education. 'The New Law Class, Bombay' was therefore started in 1903. After running this class for five years, it was thought desirable to start a regular law college, which would be affiliated to a university. Accordingly, the Fergusson College Law Class was started in 1908, and was conducted by Mr. Gharpure. More than 125 students were registered on roll. However within a few weeks, this institution was disaffiliated from the University of Bombay. After a period of more than fifteen years the above experiment was still under trial. The scope for improvement was recognised and on 4th March, 1923, a new society called the 'Indian Law Society' was inaugurated, whose first President was Dr. Sir Narayan Rao C. Chandawarkar. It was proposed at this meeting that a private law college be set up in Pune. After preliminary preparations, the Law college formally commenced operation on the 20th of June 1924, under the banner of the Indian Law Society. It was then known as the 'Poona Law College'. The Society acquired 200 acres of land and the first building called the Saraswati Building was built in 1935. The foundation stone was laid down at the hands of the Late Honourable Srinivas Shastri on 7th January 1935.

The Saraswati building was thoughtfully architected to look like a sage meditating in the 'lotus' position. Subsequently the hostel for resident students, a Gymkhana and a pavilion were also built. The construction of a swimming pool further enriched the facilities. The Laxmi building was later added to meet the growing needs of the College. All this was done under the auspices of the first principal of the college, Nana Saheb Gharpure - a man of great vision & foresight.

Residential Accommodation

One of the main concerns for a prospective university student, coming from outside the city of Pune, is the availability of accommodation. The Hostel has three wings. It is flanked by tennis court on

one side and overlooks the picturesque Law College Hill on the other. Ample parking space is also available for the vehicles of residents and visitors.

Recognizing their need the Society commenced the construction of the ILS Ladies Hostel in the year 2001 and completed it in June 2002. The Symposium was concluded by 'Remembering S. P. Sathe Memorial Lecture' by Justice B. N. Srikrishna, Former Judge, Supreme Court of India and currently the chairman of Financial Sector Legislative Reforms Commission (FSLRC) on - 'Commission of Inquiry and Criminal Justice'.

The 10th S. P. Sathe Memorial Lecture was delivered by Justice B. N. Srikrishna, Former Judge, Supreme Court of India and currently the chairman of Financial Sector Legislative Reforms Commission (FSLRC) on 14th February 2016. The topic of the lecture delivered was 'Commission of Inquiry and Criminal Justice'.

Justice Srikrishna, quoted William Shakespeare and described 'commission of inquiry' as a think tank, put into existence by the executive. He elaborated the provisions of law on commissions of inquiry, the procedure to be followed and the scope for an authority to constitute such a commission. He laid out that the purpose of a commission of inquiry is to inter alia gather information by issuing public notices and collecting affidavits and conduct cross-examinations. In addition to this, the other principles of

natural justice that were required to be adhered to such as to arrive at facts were addressed by him during the lecture.

He highlighted the fact that as per the provision of law, a report of a commission is not binding on the executive. He threw light on certain committees formed in the past and the one headed by him, formed for the investigation into the 1992-93 Bombay riots post demolition of Babri Masjid. He discussed the report submitted by him to the Government of Maharashtra, the inaction of the government on the report and the Public Interest Litigations filed on the same and to coax the government into taking action. He expressed his opinion that due to the report being non-binding, the purpose of inquiry is left unattended and hence, the least that can be done is to set investigation into motion based on the findings in such reports. He explained the various processes of such commissions by putting forth the illustrations of mechanism adopted in other countries like South Africa, Australia, etc. He emphasized that the utility of such commissions includes public anger being channelized; facts being arrived at; international recognition of efforts of the government; better investment of public time and money to arrive at an independent finding; and the test of the bonafides of the government. His opinion on commission of inquiry basically was that - the concept is good; however, its execution in India needed to be improved and the reports should enjoy more sanctity.

MOOT COURTS AND LAW FESTS

ILS teams participated regularly in many Moot Court and Client Counseling Competitions organized by various law schools like Amity Law School, Delhi, Rasoni Law School, Nagpur, University Law College, Bangalore, National university of Juridical Science, Kolkata, Government Law College of Mumbai, by professional bodies like Bar council of India Trust, Indian Institute of Company Secretaries, Law firm like Anand and Anand advocates, Surana and Surana International Attorney, and organization like Indian Society for International Law, Indian Space Research Organization (ISRO) and International Institute of Space Law.

Students at ILS love moot-courts. They participate in competitions, research extensively in the library, assist college teams in research and help organize competitions. College teams are selected from the Raghavendra Phadnis Moot Court Competition held in the first term. Last year 290 participants vied for a place in the College teams. The Public International Law competition for students of first

two years of the two law courses was held in September 2014 and Novice Moot Court for 1st B.S.L. and 1st LL.B. students was held in February 2015. There was tremendous response for both the Competitions and number of participants was 40 teams and 209 individuals respectively. Mooting enables development of essential advocacy skills, which require selection of facts, analysing them, study of provisions of law and their application, devising new arguments, writing briefs and memorials, citation and originality of argument and presentation, and most of all - the skill of arrangement and persuasiveness in the presentation of arguments. One has the benefit of an excellent Law library at the ILS.

ILS has excelled in Law Fests and Client Interviewing and Counselling Competitions organized at various places like Kerala, Nagpur, Goa, Mumbai and Bangalore. Students have won prizes in individual events like topic study, law-quiz, cross-word, debates, antakshari, advertisements, client-counselling, poster-making, street-plays.

Assessment and Accreditation

The National Assessment and Accreditation Council, Bangalore is an autonomous body set up by the University Grants Commission (UGC) to assess and accredit institutions of higher education in the country.

As per requirement, the College prepared and submitted the Self Study Report in prescribed format consisting of four volumes in February 2004. A three member Peer Committee appointed by the NAAC visited the College for three days in August 2004 and had interaction with the Principal, Faculty Members, Students and Alumni, Parents, Management and a number of organizations including NGOs associated with the College for various activities.

There was an overwhelming response from the past students, and their meeting with the Peer Committee was presided over by Justice Y.V. Chandrachud, our ex-student and former Chief Justice of India. Parents came from far off places like Delhi, Chandigarh, Karnataka and other parts of Maharashtra, and shared their experiences with the Peer Committee.

The NAAC announced the result of assessment in September 2004 and the College was awarded A+ grade. It is the only law college in the country to have received A+ grade so far.

The assessment was valid for five years and the College is preparing for reassessment. It is our responsibility not only to maintain the standards but also to achieve much more.
