Mridula Bhatkar

Former Judge, Bombay High Court.

Life is a better experience with a touch of legality. Since you've decided to pursue a career in legal studies, I welcome you to the fraternity of people for whom life is law.

What should be the essential requirements for a person to be a good lawyer-discipline to follow the law, restraint and courage to speak the truth. Compounded with this, a lawyer must also realize his commitment to the society - justice, equity and good conscience must rule his philosophy of law.

Only a good legal education, one that allows you to understand the framing of laws and also their correct implementation can promote such qualities. ILS Law College provides you with all this and more. ILS has always been instrumental in producing lawyers par excellence and has been at the forefront of education, research and innovations in the field of law.

It is due to the pure dedication and sincerity of its flag bearers, that ILS is, where it is today. I consider myself fortunate to have been a student and the Principal of this college - a part of its 80 year old glorious tradition.

I wish ILS and its students all success in their onward march.

Late Dr. S.P. Sathe

Law, according to us, is not an activity of the State, but part of our life. There is no activity of human life with which law is not concerned. Law is the foundation of the Universe and everything is centered in law.

This belief is expressed in our motto (Everything is centered in law). Guided by this philosophy of law, ILS has nurtured its own educational culture. Law and the legal profession have acquired a central place in the global economy. Along the legal complexities, it has become necessary to study the impact of globalization on social and political institutions. To facilitate such study, we have made efforts to effectively combine the theory and practice of law. The classroom teaching is supported by moot courts, legal aid, legal literacy and legal research. This will introduce you to court crafts and expose you to social realities.

You will get uncountable opportunities to dive deep in the sea of knowledge of law through the activities of Institute of Advanced Legal Studies, Centre for Mental Health Law and Policy, Indian Law Society's Centre for Arbitration (ILSCA) and Centre for Health, Equity, Law and Policy (C-HELP), which are sister institutions of the ILS Law College and are engaged in study and research in specialized branches of law. Dear Students,

I congratulate you for making a right choice in selecting ILS Law College for study of law. ILS is one of the front ranking law colleges having a distinct mark on the map of the legal education in India. The National Assessment and Accreditation Council - an autonomous body of the University Grants Commission has accredited 'A' ranking to ILS. College has been ranked amongst top 10 Law colleges in India by all the popular ranking surveys. Thus, India Today has ranked us 8th in 2020. The 'Institutional Excellence Award 2013' by the Society of Indian Law Firms (SILF) and Menon Institute of Legal Advocacy Training (MILAT), Asian 'Best Private Education Institute award 2012-13' by World Consulting and Research Organization, Legal Aid award by 'Knowledge Steez' for excellent services in social service and Legal Aid 2017 and 2019', designation of ILS Law college as Dyanmandal, a knowledge committee for the field of Law by Maharashtra Rajya Marathi Vishwakosh Mandal, designation of Indian Law Society to hold a training programme in various aspects of Administrative Law and various other legislations for Class-I officers of Town Planning-State of Maharashtra, are some of our recent and notable accomplishments. Recently the college has also been selected by Centre for Disability studies, University of Leeds, UK as one of the partners in the Cross continental project "Inclusive Public Space: Law, Universality and Difference in the Accessibility of Streets" [period 2020-2023] funded by European Research Council. Right from its inception in 1924, the legacy of the ILS College has been continuously nurtured by its robust student community. We have steadfastly adhered to our motto to impart socially relevant and professionally desired legal education for last 97 years. It is our understanding that nature of Law is not strictly statist, there are many more actors responsible for creation and production of law outside the state including society. The Law is ubiquitous pervading all activities of human life. Law is the foundation of the Universe and everything is centered around it, 'धर्मं सर्वं प्रतिष्ठितम्' is our moto. Guided by this philosophy of law, we have nourished and flourished ILS'ian culture. With law and legal profession acquiring the driving seat in the running of global economy, and with law assuming complexities, the study of the impact of globalization on social, economic, legal and political institutions is necessitated and for the accomplishment of the same, we have consciously given an interdisciplinary turn to the pedagogy. We believe in the continuous evolution of praxis formulating a judicious blend of the law in books and in action. To make the pedagogy dynamic and interactive, the classroom teaching is complemented by moot courts, legal aid, legal literacy, core and legal research. For effective exposure to court crafts and social realities, ILS Law College is a perfect place with state of art, IT facilities, all the major legal databases and one of the most updated libraries in the world. ILS is not just a run of mill college, it is an institution dedicated to develop the scientific temper, humanism and the spirit of inquiry and reform amongst students and to strive towards excellence in all spheres of individual and collective activity. Even the pandemic has not deterred us from sphereheading our agenda, and we have made best possible efforts to shift from offline to online teaching-learning pedagogy. We have left no stone unturned in providing facilities to the students and also rendering counselling during this time of crisis.

I wish you all the best for a very bright and prosperous carrier ahead and aspire to engage in a lasting relationship with all of you as part of ILS family.

Why ILS

ILS Law College is a community of students and staff dedicated to bringing out the best in all of its members. Our aim is to provide the finest opportunities and environment for teaching, learning and research. We have a long and distinguished record of academic excellence and innovation since the foundation of the college in 1924. The basic principle behind the foundation of ILS Law College was to establish a regularized system of imparting legal education. From 1924 to 2021 for over 97 years, we have endeavoured and achieved this ambition and maintained our standards of excellence. Ranked amongst the top Law Colleges in the country, we believe in creating a relaxed and flexible environment to allow students to grow and develop at their own pace. The courses offered here are a product of critical thought and careful experiment over many productive years. We offer an education characterized by a mixture of theory and practice and a commitment to public service. This college has always been a firm believer in innovation, both in

pedagogy and curriculum. In tune with the recent globalization of the profession, a new experiment in learning and teaching of law was proposed to the Ford Foundation at New Delhi for funds under their programme 'Rights & Social Justice' and was implemented. Striving further to harbour individuality of thought and expression and the stimulation to reach the acme of the legal profession, this college organizes a multitude of workshops, conferences and lectures. It has always been the foremost aim of this college to insist on giving students the independence to use the abounding opportunities available and carve out their own niche in college life.

At this college, we give special emphasis on perspectives and insights from other disciplines and encourage an integrated approach to law and an exploration of the legal profession's socio-economic role and ethical commitments.

Five Reasons to Choose Pune - the City & University

If you are looking for complete education - look no further. Students from all over the country and abroad are flocking to Pune, as apart from the academic infrastructure, the culture and ethos of the city too seems to have won the hearts of many a student.

Savitribai Phule Pune University is ranked among the top five in the country. Almost 30% of foreign students in India are at Pune. The University has over 40 engineering and management institutes. Pune is also the fastest growing centre for studies in IT. Called the 'Oxford of the East', the city has an enormous student population and a number of renowned institutions including the National Defence Academy, Film and Television Institute of India, Fergusson College, Gokhale Institute of Politics and Economics and ILS Law College.

ACCESSIBILITY

Pune is an easily accessible city benefiting from excellent road, rail and air communications. It is well connected to all important cities by direct train services and also has a domestic airport.

AFFORDABLE LIVING

Pune has the charm of the small city with facilities expected from a bustling metro. Perfect for students, as almost everything is available at an affordable price - from eating joints to internet cafes. Residential accommodation is easily available and is very economical. The city benefits

from an efficient public transport system and general cost of transportation is relatively low. Pune is one of the most preferred destinations for students in India, from South East Asia and Africa. It has a cosmopolitan population imparting it the character of a world city. With the same facilities one would expect from a busy metro, Pune retains the coziness of a small town. It is a very safe place to stay in, the low crime rates being a proof of that. The denizens of this city are helpful by nature, and to settle down in this place does not take much effort.

CULTURAL CAPITAL

Pune is the cultural capital of Maharashtra. Whatever be your area of interest - Pune's got a lot to offer. Be it theatre or films, dance or music, debating or elocution, yoga or sports - Pune is always abuzz with encouraging and entertaining activities. Associations like the SPIC-MACAY, AIESEC, Lalit Kala Academy, give students ample opportunities to hone their talents.

ENVIRONMENT

Pune is nature lover's paradise. Within a radius of 5 km from the heart of the city, you have numerous places to visit including the Sinhagad fort, the NDA, the Khadakwasla dam and the natural wonders like the Pashan lake and the hills surrounding the city add to its beauty. Pune has a salubrious climate conducive to work.

Our Roots

The Indian Law Society's Law College dates back as far as the year 1902, when Mr. J.R. Gharpure and Mr. P.B. Singhe decided to make a new beginning in the direction of a regularized system of imparting legal education. 'The New Law Class, Bombay' was therefore started in 1903. After running this class for five years, it was thought desirable to start a regular law college, which would be affiliated to a university. Accordingly, the Fergusson College Law Class was started in 1908, and was conducted by Mr. Gharpure. More than 125 students were registered on roll. However within a few weeks, this institution was disaffiliated from the University of Bombay. After a period of more than fifteen years the above experiment was still under trial. The scope for improvement was recognised and on 4th March, 1923, a new society called the 'Indian Law Society' was inaugurated, whose first President was Dr. Sir Narayan Rao C. Chandawarkar. It was proposed at this meeting that a private law college be set up in Pune. After preliminary preparations, the Law college formally commenced operation on the 20th of June 1924, under the banner of the Indian Law Society. It was then known as the 'Poona Law College'. The Society acquired 200 acres of land and the first building called the Saraswati Building was built in 1935. The foundation stone was laid down at the hands of the Late Honourable Srinivas Shastri on 7th January 1935.

The Saraswati building was thoughtfully architected to look like a sage meditating in the 'lotus' position. Subsequently the hostel for resident students, a Gymkhana and a pavilion were also built. The construction of a swimming pool further enriched the facilities. The Laxmi building was later added to meet the growing needs of the College. All this was done under the auspices of the first principal of the college, Nana Saheb Gharpure - a man of great vision & foresight.

Residential Accommodation

One of the main concerns for a prospective university student, coming from outside the city of Pune, is the availability of accommodation. Due to continuous increase in number of girl students at ILS Law College, a New Ladies' hostel has been constructed in 2019 and is ready for occupation. It provides accommodation to 140 students. The hostel is spacious situated in the beautiful, lush green campus of the College. The rooms are spacious and each room has an attached toilet-bath, bed, chair, cupboard, and table. There is a dining hall, sit out place, sick room, internet facility and solar system is also provided.

Note : ILS Ladies Hostel accommodation is subject to availability.
